- ☐ Statutory Exemptions. State code number:

Reasons why project is exempt:

1. The project involves the leasing of existing facilities with no expansion of the use beyond that existing at the time of the issuance of the exemption.
2. The activity involves the continuation of the normal operations of the existing facility for public gatherings for which the facility was designed, and that there is a past history of approximately 60 years of the facility being used for fair and event purposes.
3. The activity involves a ground lease agreement in order to preserve the existing fair and event center operations which are a significant recreational resource in the City of Costa Mesa and County of Orange; furthermore the activity facilitates preservation of the open space at the Fairgrounds, obligates the operator to continue the existing agricultural uses at Centennial Farms; and requires compliance with the Costa Mesa Municipal Code before any "Cultural Resources" can be modified.
4. This activity identifies that some of the existing facilities have suffered from deferred maintenance and repair work may need to be undertaken, and that these repairs should not change the purpose of the facilities being replaced, or should not expand the capacity of these structures. The ground lease also provides that no such repairs can be undertaken until all Applicable Laws have been complied with, including CEQA.
5. The activity does not authorize any physical change in the environment.
